

PACIFIC PRIVATE NURSING

Private Duty RN Matching for Postoperative Recovery

A referral resource for Orange County surgery centers and surgical practices

Pacific Private Nursing connects adults seeking non-emergency postoperative assistance with registered nurses for private-duty support in homes, hotels, and other private recovery settings.

When a patient may benefit

- Same-day discharge after an outpatient procedure
- The first evening or overnight after surgery
- Private-duty RN support during hotel recovery
- A family seeking added private-duty RN assistance

What referred RNs may support

- Postoperative observation and comfort support
- Medication reminders and documentation
- Mobility and fall-prevention assistance
- Communication based on surgeon-provided instructions

Simple Private Pay Pricing

\$95 per hour | Two-hour minimum (\$190)

2 hours	4 hours	6 hours	8 hours	12 hours	Overnight
\$190	\$380	\$570	\$760	\$1,140	\$1,140

Overnight covers 12 hours. 24-hour coverage: \$2,280; may involve multiple RNs working separate shifts.

A Clear Referral Process

1 Introduce Share PPN contact information with the patient or authorized family member.	2 Match PPN discusses requested coverage and identifies an available registered nurse.	3 Coordinate The patient and RN confirm the engagement, applicable instructions, and schedule.

Pacific Private Nursing is an Orange County RN referral and matching service, not a home health agency, emergency service, or medical practice. Referred registered nurses retain independent professional judgment. Services depend on RN availability, patient needs, RN scope of practice, and applicable practitioner instructions or orders. Patients should call 911 for emergencies. No referral fee is requested from the surgery center.
